Dear Mr Perry

Re: **Glebe Strip East Meon**

Thank you for your letter of 28<sup>th</sup> May and for the information about the hedge.

My Committee would support a site meeting if it will help to take the matter further. I am however surprised at the attitude of the Planning Officers. Surely they should listen to the wishes of the community and other interested parties before reaching their conclusions for revision of the plan.

As a matter of interest are any of the parish councillors also district councillors. And if so can they influence the planning officers ?

Would you like to suggest dates for a meeting.

Yours sincerely

Rodney Baker  
Secretary
