THE EVENT

A Midsummer Eve Event is being jointly arranged by the villagers of EAST MEON and HMS MERCURY on Saturday 23rd June from 7pm to 2am in aid of the East Meon Church Bells and Fabric Appeal and King George V Fund for Sailors. We feel you might like to know about this event.

THE PLACE

To stage the event we have been kindly lent an enclosed deep sided valley site, just outside East Meon, for the evening - a large amphitheatre - large enough to accommodate 1800 people and still provide adequate room for comfortable picnic sites. Dress will be casual.

THE PICNIC SITES

There are various picnic sites available. On some we can erect a tent for you (see charges below). On others you can supply your own tent if you wish or remain totally "al fresco". Some "Self Erect" sites will be on a plateau above the main arena, with good views of everything going on, though for safety reasons no cars will be permitted on this area. Other "Self Erect" sites, in the base of the valley, will be offered with ONE HOST CAR PASS for parties of ten or more, and on these a car-drawn horse box could be placed instead of a tent.

THE TENTS

Around the Ringside Arena there will be a limited number of special hospitality tents with tables and chairs provided for parties of 25 or over. Included will be a full B-B-Q with steward service.

Other marquees are available for those wishing to hire:-
